

2019 PLANNING SERIES

WEBINARS PRODUCED BY THE ASSOCIATION OF PEDESTRIAN & BICYCLE PROFESSIONALS

WAMPO is hosting a professional development webinar series that is **FREE** and open to the public covering topics related to planning, design, construction, maintenance, and policy. RSVPs are encouraged, but not required to the attention of Kristen Zimmerman, at kzimmerman@wichita.gov or call 316-352-4862.

WEDNESDAY, AUGUST 21, 2019

Getting the Green Light:

Improving Actuation and Detection for Cyclists & Pedestrians

271 W. 3rd Street, Rm. 203, Wichita, KS 67202

2:00 - 3:00 PM CST

DESCRIPTION

Traffic signals often provide the most convenient and secure opportunity for bicyclists and pedestrians to navigate busy intersections and high-speed roadways. But signals are only effective if properly designed. Providing adequate detection, reliable actuation and proper phasing of signals can greatly improve bicycle and pedestrian access in a community. This webinar will examine current best practices for integrating detection, actuation and phasing for with active modes of transportation.

PARKING & ACCESSIBILITY

Free accessible parking is available in the lot to the east of the building, with additional PAID spaces found in the metered lot to the north and in the EPIC Center parking garage to the south. Bicycles may be locked in the rack at the front of the building. The nearest BikeShareICT rack is 1 block east on the corner of Main and 3rd Street.

2019 SCHEDULE

Continuing Education Certificates will be available after each webinar:

- **September 18:** Can We Talk About the Street? Building Support for Controversial Projects
- **October 16:** If We Build it Will They Come? Estimating Demand for Biking and Walking
- **November 20:** Aging in Place: Designing Communities to Support Mobility
- **December 18:** Education and Encouragement: Bringing the Right People Together
