

## **Request for Proposals**

*Travel Demand Model Support Services*

### ***Frequently Asked Questions***

---

**Q:**

What traffic-count data are already available for use in the calibration and validation of the updated Travel Demand Model?

**A:**

WAMPO staff can provide Kansas Department of Transportation (KDOT) Annual Average Daily Traffic (AADT) counts through the year 2020.

**Q:**

Attachments 1, 2, and 3 to the Request for Proposals do not have signature lines. Do we need to include these documents in our proposal or would an attestation that we agree to their terms be sufficient?

**A:**

Attachments 1, 2, and 3 inform the applicant of State of Kansas requirements that they will need to be aware of and be able to demonstrate they can fulfill in their RFP submission, but these forms do not need to be signed by the applicant.
