<sup>1</sup> Four (4) members arrived after the approval of the April 11, 2023, agenda and the March 14, 2023, minutes. Troy Tabor was at this meeting alongside his designated alternate, so the alternate did not have a vote.

WAMPO provides meeting minutes that are not verbatim. TAC and TPB meetings are recorded and hosted on YouTube [@WAMPO Kansas](#). To request assistance accessing meeting recordings call – (316) 779-1313 or email – [wampo@wampo.org](mailto:wampo@wampo.org).

**Motion:** Dan Woydziak

**Second:** Tom Jones

## **B. Approval of March 14, 2023, Meeting Minutes**

Discussion: None

Action: Approve March 14, 2023, meeting minutes, as proposed (13-0).

Motion: Jim Benage

Second: Dan Woydziak

## **C. Director's Report**

### **i. 2023 Quarterly Task Chart and UPWP Report**

Chad Parasa presented the 2023 Unified Planning Work Program (UPWP) budgets for the planning activities WAMPO intends to undertake this year and lists priorities and activities for the year. The report provides statuses of planned work tasks, which will be updated quarterly. This update is for the first quarter of 2023. Also provided is the 2023 first-quarter UPWP activity report that will be submitted to KDOT. WAMPO staff have also completed a UPWP activity report for the first quarter of 2023 (January 1-March 31) to submit as part of WAMPO's quarterly reimbursement package to KDOT.

To see the report please go to: <https://bit.ly/JanMarch2023>

### **ii. Federal Certification Review: May 10 – 12, 2023**

Eva Steinman, FTA, announced that WAMPO is up for the Federal Certification review. There is an open house planned for May 11, 2023, from 4:30 – 6:30 PM at the Advanced Learning Library. A short presentation will be shown at 4:30 PM and again at 5:30 PM.

She requested if anyone has questions, comments, or feedback to contact herself at 816.329.3931 or [eva.steinman@dot.gov](mailto:eva.steinman@dot.gov) or Cecelie Cochran from FHWA- Kansas at 785.273.2636 or [Cecelie.cochran@dot.gov](mailto:Cecelie.cochran@dot.gov).

### **iii. RFP Status**

#### **i. Regional Transit Implementation Plan**

Ashley Bryers said that this RFP will close on April 21, 2023<sup>strev</sup>.

#### **ii. Video Consultant Services**

Ms. Bryers said that the Request for Proposal for the Video Consultant Services will close on April 17, 2023.

#### **iii. Automatic Bike/Ped Counters**

Ms. Bryers announced that staff is drafting an RFP for the purchase of bike/ped counters. A potential Request for Information (RFI) may be released prior to the RFP.

**iv. Status of MTP 2050 Planning Assistance Contract**

Ms. Bryers announced that WAMPO is looking to table or attend meetings in the future if anyone requests to have WAMPO as a guest to share the news and announcements for the status of the MTP 2050. WAMPO will be at District 3 meeting on May 1, 2023.

**v. CSAP project: Transportation Safety Technical Advisors (TSTA) Meeting March 28**

Ms. Bryers announced that the meeting went well and there was a lot of discussion of data and research. There is a planned public meeting in the works that will be announced at a later date.

**vi. Economic Development and Transportation Committee Kick-off Meeting April 10**

Ms. Bryers thanked the WSU members in the room for helping lead the EDTC meeting the day before. The next meeting will be May 15, 2023.

**vii. Rescheduled KAMPO for August 21, 2023, at WAMPO's Offices**

Ms. Bryers announced that KAMPO was rescheduled to August 21, 2023.

**3. Public Comments**

There were no public comments.

**4. Action**

**A. FFY2023-FFY2026 Transportation Improvement Program Amendment #3: Reasonable Progress Policy**

Ashley Bryers said the TPB is asked to take action on proposed Amendment #3 to the WAMPO FFY2023-FFY2026 Transportation Improvement Program (TIP). Amendment #3 is a regularly scheduled TIP amendment and would maintain the fiscal constraint of the FFY2023-FFY2026 TIP. The Public Comment period for Amendment #3 opened on March 11, 2023, and ran through March 25, 2023. No public comments were received. Following input from the TAC and TPB, Amendment #3 includes proposed revisions to the Reasonable Progress Policy for projects programmed in the TIP to receive WAMPO-suballocated federal funds in the current Federal Fiscal Year (FFY).

**Discussion:** Chair Tuttle said that she met with Wichita Public Works staff and spoke with the WAMPO Director about wanting the Reasonable Progress Policy to specifically state that both written and verbal project-status reports to the TAC and TPB will be required for projects that do not obligate before May 31. Gary Janzen agreed with this comment.

**Action:** Approve the Reasonable Progress Policy component of FFY2023-FFY2026 Transportation Improvement Program Amendment #3, with specific changes: At the first TAC meeting after May 31 and the first TPB meeting after that TAC meeting, sponsors of current-FFY projects that have not yet obligated their WAMPO-suballocated funds are required to report on the projects' statuses, both verbally and in writing (17-0).

**Motion:** Chair Tuttle

**Second:** Russ Kessler

#### **B. FFY2023-FFY2026 Transportation Improvement Program Amendment #3: Projects**

Ms. Bryers said the TPB is asked to take action on proposed Amendment #3 to the WAMPO FFY2023-FFY2026 Transportation Improvement Program (TIP). Amendment #3 is a regularly scheduled TIP amendment and would maintain the fiscal constraint of the FFY2023-FFY2026 TIP. The Public Comment period for Amendment #3 opened on March 11, 2023, and ran through March 25, 2023. No public comments were received. In addition to the Reasonable Progress Policy revisions from Agenda Item 4A, Amendment #3 includes additions and revisions of specific projects.

**Discussion:** None.

**Action:** Approve the project addition/modification component of FFY2023-FFY2026 Transportation Improvement Program Amendment #3, as presented (17-0).

**Motion:** Chair Tuttle

**Second:** Jim Benage

#### **C. 2023 Transit Asset Management (TAM) Targets**

Alicia Hunter said the FHWA and FTA jointly issued a Planning Rule that establishes various performance measures to assess transit asset management (TAM) and transit safety. State DOTs and MPOs are required to set targets for the various federal performance measures. The WAMPO TAC recommends that the TPB support and accept KDOT's 2023 TAM targets for the WAMPO region (excluding Wichita Transit's and the City of Derby's service areas) and Wichita Transit's 2023-2026 TAM targets for Wichita Transit's and the City of Derby's service areas within the WAMPO region.

**Discussion:** None.

**Action:** Approve 2023 Transit Asset Management (TAM) Targets, as presented (17-0).

**Motion:** Chair Tuttle

**Second:** Jack Hezlep

### **5. Discussion/Updates**

#### **A. 2022 Audit Report Draft**

Michael Gerber, FORVIS, LLP (formerly BKD, LLP) led the 2022 Audit. The attached below report drafts are in draft form and there is not an opinion from the Auditors yet. Draft Independent Auditor's Report and Financial Statements are available below at the links.

- » Distracted Driving and the Impact on Pedestrian and Bicyclist Deaths - <https://bit.ly/DistractedDrivingTAC>
- » Motor Vehicle Fatalities in Sedgwick County - <https://bit.ly/MotorVehicleFatalities>

## **C. Household, Government Vitality, and Business Dynamism Indexes**

Craig Compton and Johnathan Norris, WSU Center for Economic Development and Business Research (CEDBR), presented draft reports and dashboards prepared for WAMPO on indexes of business dynamism, government vitality, and the state of households in the region. To see those reports please go to:

Household Index Report - <https://bit.ly/HouseholdIndexReport>

Government Vitality Index Report - <https://bit.ly/GovernmentVitalityIndexReport>

Business Dynamism Index Report - <https://bit.ly/BusinessDynamismIndexReport>

## **D. 2021 AADT Report**

Ms. Hunter presented an Annual Average Daily Traffic (AADT) report. AADT is one of the most widely used data elements in transportation planning and traffic engineering. Using KDOT data, WAMPO staff have developed a 2021 AADT Report to illustrate traffic volumes on seven (7) major corridors within the WAMPO region. To see the report please go to:

2021 AADT Report - <https://bit.ly/AADT2023TAC>

## **E. Sedgwick County vs. Johnson County Crashes**

Vanessa Spartan, Chief of Transportation Safety, at KDOT presented this information. KDOT staff developed a memo comparing Sedgwick County's reported crashes to Johnson County's reported crashes occurring between 2017 and 2021. That can be found here: Comparison of Reported Fatal and Serious Injury Crashes in Sedgwick and Johnson Counties Memo -

<https://bit.ly/5fTACUpdate>

## **Discussion:**

Topics and Questions that were discussed are as below:

1. TPB members requested more information on Driving campaigns. The Drive Safe Sedgwick Campaign can be found on this website and marketing will occur at sporting venues throughout Sedgwick County. [Drive Safe Sedgwick – Who do you make it home for? \(kansasdrivetozero.com\)](https://www.kansasdrivetozero.com)
2. Ms. Spartan was asked for a comparison between Johnson and Sedgwick Counties for inattentive/distracted related fatal and serious injury crashes. Of the fatal and serious injury crashes in Sedgwick County, 15.4% were indicated as driver inattention, whereas in Johnson County inattention is indicated in 26.8% of fatal and serious injury crashes.
3. Regarding the request for comprehensive crash costs. The link for the most recent internal KDOT memo that outlines the updated crash costs for Kansas is [here](#). The memo indicates crash costs are based on calculations and figures provided by the FHWA Crash Cost for Highway Safety Analysis Final Report (FHWA-SA-17-071).

### **F. Innovation & Innovative Projects in the Greater Wichita Area - ARPA program - the Small Business Digital Transformation Program**

Troy Tabor, representing the WSU Center for Entrepreneurship, presented on the Small Business Digital Transformation Program. This program is funded by the City of Wichita through American Rescue Plan Act (ARPA) funds for small businesses with the goals of employment growth and building resilience. This is a 1- to 5-year program to digitally transform the small business community. An example was shown of ChatGPT, a program that is taught to those receiving the funds.

## **6. Committee & Partnership Updates**

### **A. Executive Committee**

Chair Tuttle announced the next Executive Committee meeting will be on May 4, 2023, at 2:00 PM. Anyone can join or participate in this meeting; they do not have to be a member.

### **B. Transit Spotlight: Butler County Transportation**

Crystal Noles presented on the Butler County Department of Aging and their services for seniors, including transportation services. The transportation services are available to users of all ages.

### **C. Kansas Department of Transportation (KDOT)**

Allison Smith announced a Call for Projects for NEVI funding. For more information, please go to: <https://ike.ksdot.gov/charge-up-kansas>

### **D. Wichita Metro Division, KDOT**

No report.

### **E. Federal Highway Administration (FHWA)**

No report.

**7. Other Business**

No other business.

**8. Meeting adjourned at 4:57 PM.**

**The next regular meeting will be held on Tuesday, May 9, 2023, at 3:00 PM.**

DRAFT

## **Agenda Item 2Ci: Director's Report FFY2023 TIP Projects Status Update**

Chad Parasa, Executive Director

### **Executive Summary**

The WAMPO TIP Policy includes a Reasonable Progress Policy, under which projects receiving WAMPO-suballocated funding in the current FFY or that received it in a past FFY but are not completed are to have bimonthly progress reports to the TAC/TPB. This is the progress report to the TPB for May 2023.

---

---

### **Background**

Page 23 of the WAMPO Transportation Improvement Program (TIP) Policy (Appendix I of the FFY2023-FFY2026 TIP, [https://www.wampo.org/files/ugd/bbf89d\\_646ba786b67646b98cfe14f74bcc0277.pdf](https://www.wampo.org/files/ugd/bbf89d_646ba786b67646b98cfe14f74bcc0277.pdf)) establishes a Reasonable Progress Policy. This policy states that projects programmed to receive WAMPO-suballocated funding that are scheduled to start in the current Federal Fiscal Year (FFY) or that have started but not finished (including projects that started in prior FFYs) are supposed to have progress reports at least every two months. The attached project statuses have been reported for the May 2023 bimonthly report to the TPB.

The Reasonable Progress Policy was revised by the TPB on April 11, 2023, but these bimonthly progress reports were kept as part of it.

### **Next Steps**

- » Project sponsors will be requested to provide information for the next bimonthly update by May 31, 2023, for presentation to the TAC on June 26 and the TPB on July 11. At those same meetings, in accordance with the recent revisions to the Reasonable Progress Policy, sponsors of FFY2023 WAMPO-suballocated projects that have not yet obligated will also present on their statuses to confirm they are on track to obligate their FFY2023 funds by September 30.

## **Executive Summary**

Consultants on the project will provide a status report on the development of the Comprehensive Safety Action Plan including crash causes, plan milestones, and the SS4A grant application.

---

---

## **Background**

WAMPO is in the process of developing a Comprehensive Safety Action Plan. The planning process includes conducting a crash analysis, high crash locations network screening, risk analysis, developing a countermeasures toolbox, and developing implementation plans and programs.

By developing this Comprehensive Safety Action Plan WAMPO will be eligible for a US Department of Transportation (DOT) Safe Streets and Roads for All (SS4A) Discretionary Grant. The Notice of Funding Opportunity (NOFO) was published earlier than expected, so staff is pivoting to develop a Demonstration Grant Application as part of this planning process.<sup>1</sup>

## **Executive Summary**

Consultants on the project will provide a status report on the updating of the WAMPO Travel Demand Model (TDM).

---

---

## **Background**

WAMPO is in the process of updating the Travel Demand Model (TDM) for the region. A TDM is a necessary tool for metropolitan planning organizations to develop long-range plans and properly evaluate future projects in the region, as well as ensure compliance with Federal Highway Administration (FHWA) regulations. The purpose of the model is to provide a picture of existing and future travel in the region and the demand it places on the road, sidewalks, bikeways, and public transportation networks. The model also helps decision-makers understand how well future or proposed transportation projects will serve the needs of the region.

JEO Consulting Group and Caliper Corporation were hired to work with the WAMPO project team to update the TDM. The update project kicked off in October 2022 and will conclude in Spring 2024. JEO and Caliper staff will update the TPB on the status of the project, including milestones already reached and upcoming activities in the process.

Additional information may be found online at <https://www.wampo.org/tdm>.

## Travel Demand Model Update

### Overview & Purpose

The Wichita Area Metropolitan Planning Organization (WAMPO) is in the process of updating the Travel Demand Model (TDM) for the region. A TDM is a necessary tool for metropolitan planning organizations to develop long range plans and properly evaluate future projects in the region, as well as ensuring compliance with Federal Highway Administration (FHWA) regulations. The purpose of the model is to provide a picture of existing and future travel in the region and the demand it places on the road, sidewalk, bike-path, and public transportation networks. The model also helps decision-makers understand how well future or proposed transportation projects will serve the needs of the region.

JEO Consulting Group and Caliper Corporation were hired to work with the WAMPO project team to update the TDM. The update project kicked off in October 2022 and will conclude in Spring 2024.

Travel demand modeling helps answer questions such as:

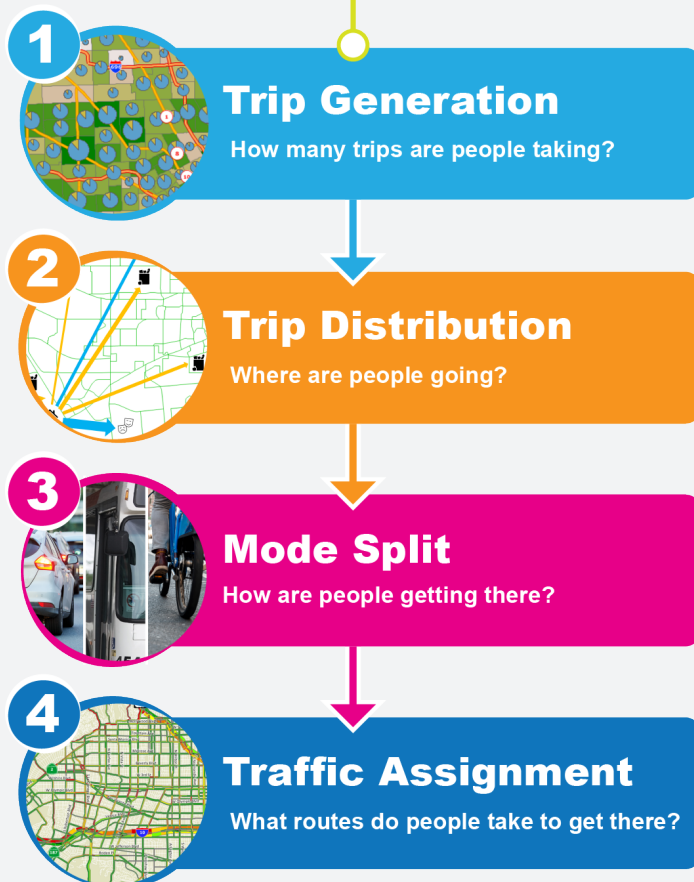

- ? *Which streets will become congested in the future?*
- ? *What transportation projects will best improve the region's modes of future travel?*
- ? *How many people can be expected to use the transportation system in the future, and how will the system be used?*

## Travel Demand Modeling Process

The WAMPO TDM includes a four-step process that helps forecast future transportation system needs.

### Local Data Inputs

- Land Use
- Population
- Employment
- Road, Public Transit, and Bicycle/Pedestrian Networks

## Travel Demand Model Integration into Long-Range Planning

The WAMPO model will be used to provide information on the potential impacts of proposed transportation projects. For example, if a road is found to be congested, meaning more cars are on the road than the road can accommodate, the model can show how much that congestion will be reduced by widening the roadway or providing alternatives, such as highway, transit, or bike/ped improvements. The outcomes of these project types can be modeled, showing how much each will increase or decrease congestion or travel times/distances. This information is used to help decision-makers with the process of selecting and prioritizing future projects.

A travel demand model is a tool; like any other tool, it can only be used for certain purposes and not others. Understanding what the model can and cannot do is important for understanding how it will be integrated into WAMPO's long-range transportation plan, the Metropolitan Transportation Plan (MTP).

### What the model CAN do:

- ☑ Show the impact of road widening/narrowing and road additions/removals
- ☑ Analyze the impacts of transportation plans on the regional transportation system
- ☑ Show the impact of new interchanges on traffic patterns
- ☑ Show the impact of large developments on traffic patterns and the transportation network
- ☑ Forecast corridor volumes
- ☑ Test alternative land use plans
- ☑ Provide input for air quality conformity analysis

### What the model CAN'T do:

- ☒ Simulate traffic for specific sections of roadway or a specific intersection
- ☒ Model small or local roads very accurately
- ☒ Model bottlenecks
- ☒ Show the land use impact of a new road
- ☒ Show the impacts of small developments

**Agenda Item 5C: Discussion/Updates**  
**MTP 2050 Update - Survey and Milestones**  
Ashley Bryers, Transportation Planning Manager

## Executive Summary

WAMPO staff and our PEC consulting team partners will embark on the first round of public engagement for MTP 2050 from May through June 2023. A survey will be available soon. Staff will attend events across the region to distribute the survey and provide information to the public. Approximately eight stakeholder meetings will be held with specific groups to obtain input for the planning process.

---

---

## Background

WAMPO staff have begun developing the next Metropolitan Transportation Plan for the region, MTP 2050. As part of the planning process, WAMPO hired the consulting firm PEC, with sub-consultants HDR, Venice Communications, and the Wichita State University Public Policy & Management Center (WSU PPMC), to provide MTP 2050 Planning Assistance on March 14, 2023.

WAMPO staff and the PEC consultant team will embark on the first round of public engagement from May through June 2023. A survey looking at the current state of transportation in the region and the future transportation needs will be available at [www.wampo.org/mtp2050](http://www.wampo.org/mtp2050). This public engagement phase will include presenting and taking questions at public meetings and holding pop-up events at locations where people already gather or are expected to gather. Staff are currently working on reserving space at the following events:

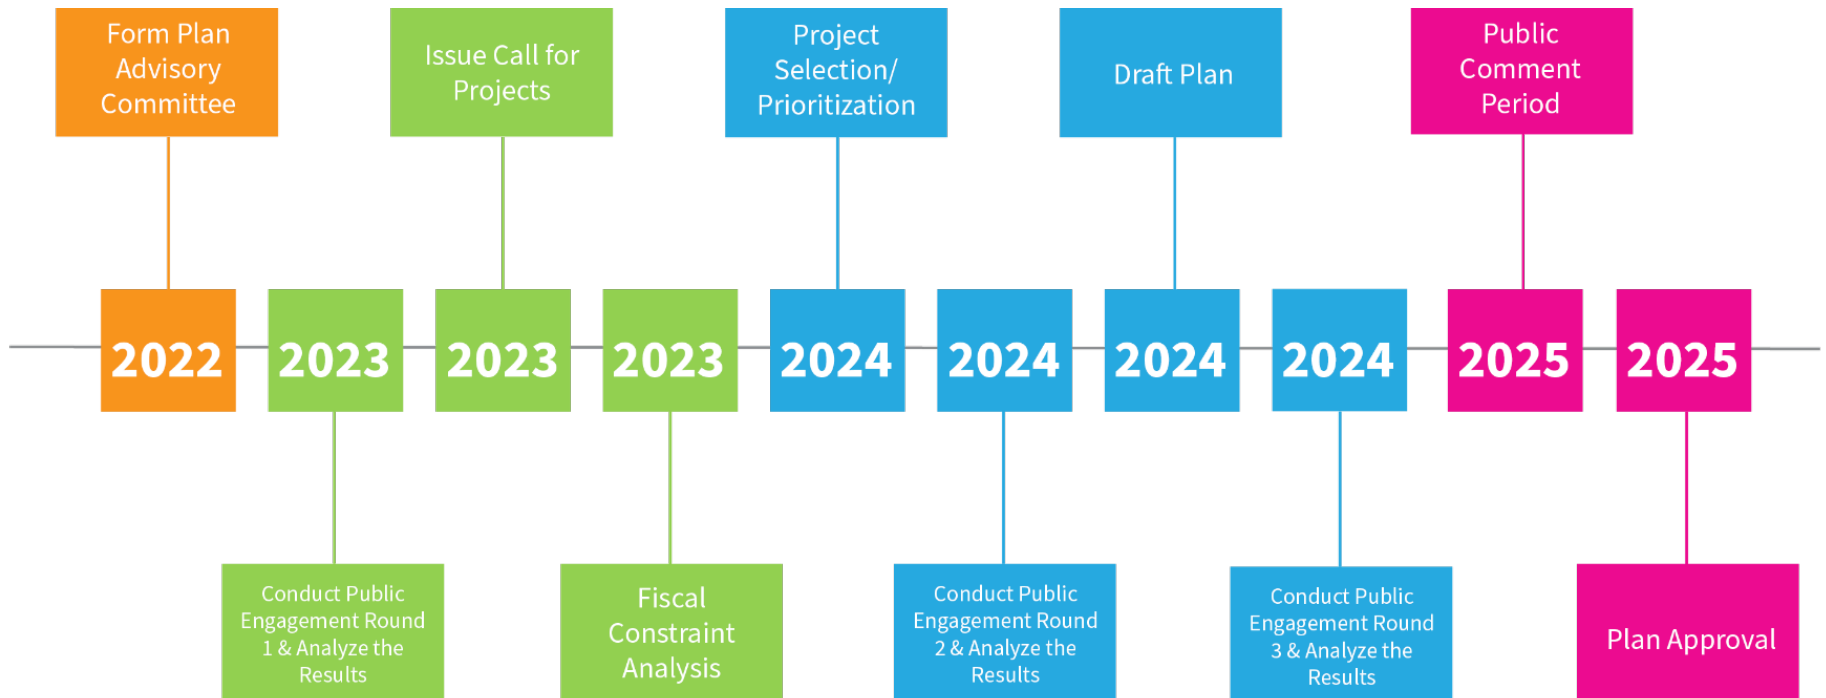

- » May 13 – Wichita Flea Market at Riverfront Stadium, Wichita
- » May 14 – Craft and Vendor Fair at the Sedgwick County Extension Center
- » June 2 – 10 – River Fest, downtown Wichita
- » June 17 – Wichita Taco Fest at Capitol Federal Amphitheater, Andover

Once locations are booked, they will be added to the WAMPO website. If you know of other events or meetings we could attend, please contact Ashley Bryers, WAMPO Transportation Planning Manager, at [ashley.bryers@wampo.org](mailto:ashley.bryers@wampo.org).

Through discussions with the PEC consultant team, WAMPO staff have decided to hold approximately eight stakeholder meetings at the beginning of the planning process and additional such meetings later in the process, rather than hold roundtable discussions. (Roundtable meetings would have been meetings with the same people several times throughout the planning process.) This will enable staff to engage more people in the process. Staff will have conversations with members of the public during the stakeholder meetings and will ask meeting participants to pass along information about the MTP 2050 survey and planning process to their contacts, expanding the reach of the public engagement effort.

### **East Kellogg Project Update**

Steven Cross, KDOT  
Shane Albritton, Garver

## **Executive Summary**

Kansas Department of Transportation (KDOT) staff will provide an update on the project to upgrade US-54/400/Kellogg Avenue in eastern Sedgwick County and western Butler County.

---

---

## **Background**

The WAMPO Metropolitan Transportation Plan (MTP) and Transportation Improvement Program (TIP) include a major project, sponsored by the Kansas Department of Transportation (KDOT), to expand and upgrade US-54/400/Kellogg Avenue between the interchange with I-35 and K96 in eastern Sedgwick County to half a mile east of Prairie Creek Road in Butler County. The affected highway segment will be changed from an at-grade, four-lane road to a limited-access, six-lane freeway, and the interchange between it and K96 will also be upgraded. Construction is expected to begin in 2025. Steven Cross, KDOT, and consultant Shane Albritton, Garver, will give a presentation on the status of the project and what it is expected to do, then answer questions.

## 2023 APBP WEBINAR SERIES

Members of the public are welcome to view the Association of Pedestrian and Bicycle Professionals (APBP) webinars at the WAMPO offices. The webinars are from 2 – 3 pm on the 3rd Wednesday of the month. Please RSVP your attendance by emailing [wampo@wampo.org](mailto:wampo@wampo.org).

- **January 18:** From Complete Streets to Complete Networks: A Data-Driven, Performance-Based, Multimodal Planning Tool
- **February 15:** Strengthening Community Connections Through Bike Infrastructure, Transit Integration, and Local Tourism
- **March 15:** Data storytelling for multimodal pathways
- **April 19:** Give Your Bus a BOOST!
- **May 17:** Active Mobility for Older Adult Communities through Planning and Implementation
- **June 21:** More than a cycle lane: How investment in better walking and cycling networks improves accessibility for people with disabilities
- **July 19:** Evolution of Bikeways - How Cities Have Progressed with the Ever-changing Design Guidance and Research
- **August 16:** Systemic Safety – From Analysis to Implementation
- **September 20:** Community-led Temporary Demonstrations & Partnerships
- **October 18:** Title is TBA (topic is accessibility)
- **November 15:** How to keep a statewide plan off the shelf; pedestrian planning in Minnesota
- **December 20:** Lighter, Faster, Drier: Beyond Quick-Build Towards Resilient Treatments for High-Quality Active Transportation Infrastructure
